CONVERSANT SOLUTIONS AND INET VIETNAM PARTNER TO WIDEN CHANNEL PENETRATION IN VIETNAM

Inet Vietnam appointed as SwiftCache Media Caching Appliance distributor to help accelerate market penetration through channel network

Vietnam, Ho Chi Minh, 31st May, 2010 – Inet today announced that it has been appointed an authorised distributor in Vietnam for Conversant Solution’s SwiftCache Media Caching Appliance.

Conversant is a leading provider of media caching solutions, based in Singapore, with development team in UK, Cambridge. The partnership will allow Inet Vietnam to expand on its network of value added channel partners in Vietnam, leveraging Inet’s channel management and technical expertise.

Under the agreement, Conversant and Inet will jointly implement channel development and marketing programmes to recruit new channel partners and accelerate business growth for existing ones.

“Conversant delivers cost effective Media Caching solutions in both the enterprise and service provider segments, and has enjoyed tremendous regional success given its product innovation and superior performance. We are honoured to be able to assist Conversant Solutions in fortification of its initial footprint in Vietnam,” said Ngoc Son, Sales Director at Inet Vietnam.

“This partnership allows us to accelerate our expansion in Vietnam through Inet Vietnam’s strong channel and technical expertise,” said Kong Wai, Founder & CEO of Conversant Solutions. “We look forward to a successful partnership and strong business growth with Inet Vietnam.”
